

# HOW WAS IT STARTED?

**G.B. Khosrovshahi**

*Institute for Research in Fundamental Sciences (IPM)*

*P.O. Box 19395-5746, Tehran, Iran*

In this talk I will describe the happenings of those early days (dawn) of combinatorics in Iran: Our problems, the kind of collaborations, the people involved, and the difficulties. It is meant to be a concise history of the starting days of the affairs.
