

Weekly Seminar on Operator Algebras and its Applications (OAA) The Connes-Kirchberg Problem

The reference of these series of seminar can be downloaded in the following link:
<https://www.math.tamu.edu/~pisier/TPCOS.pdf>

For more information, you can contact: mamini@modares.ac.ir

August 28, 2019	<i>Connes-Kirchberg Problem</i> Massoud Amini , Tarbiat Modares University and IPM
September 4, 2019	<i>Completely bounded and completely positive maps</i> Zahra Hasanpour , University of Tehran
September 18, 2019	<i>Tensor products and group C^*-algebras</i> Mehdi Moradi , Tarbiat Modares University and IPM
September 25, 2019	<i>Multiplicative domain and decomposable maps</i> Sajad Sadeghi , Iran University of Technology
October 2, 2019	<i>Functorial properties of tensor products</i> Zahra Naghavi , Tarbiat Modares University and IPM
October 9, 2019	<i>Injective von Neumann algebras</i> Fatemeh Khosravi , IPM
October 16, 2019	<i>WEP and LLP</i> Sadegh Mojahedi , IPM
October 23, 2019	<i>Nuclear and exact C^*-algebras</i> Fatemeh Khosravi , IPM
October 30, 2019	<i>Trace and ultraproduct</i> Mehdi Moradi , Tarbiat Modares University and IPM
November 13, 2019	<i>Connes embedding problem</i> Ali Shakibazadeh , Tarbiat Modares University and IPM
November 20, 2019	<i>Kirchberg conjecture</i> Mehdi Moosazadeh , Tarbiat Modares University and IPM
November 27, 2019	<i>Problems equivalent to Connes embedding problem</i> Mohammad Shavandi , Mazandaran University
December 4, 2019	<i>WEP does not imply LLP</i> Reza Behmani , Kharazmi University
December 11, 2019	<i>WEP and complex interpolation</i> Sajad Zavar , Kharazmi University
December 18, 2019	<i>WEP and crossed products</i> Nasser Golestani , Tarbiat Modares University and IPM

Time: Wednesdays, 14:00-17:00

Location: Niavaran Square, IPM, School of Mathematics, Lecture hall 2
